

NECESSARY FOOD BIBLE READING PLAN
Instructions - Reading on Your Favorite Device
Faithlife/Logos Bible Study Apps

Setup Instructions:

1. If you are interested in joining this plan, email me at leroybartel@gmail.com with the email address you would like your invitation to be received at.
2. For best results, use a laptop or computer for the setup process.
3. Once you have received the invitation email, click "Join Group".
4. Click "Create Account" and follow the instructions to create your account.
5. Once you have created the account, it should redirect you to faithlife.com. Navigate if you have not done so already to the Necessary Food Bible Reading Group.

Version Selection:

Use this chart to find which version to use. Once you have found the version you would like, click "Connect".

	iOS App (iPhone, iPad)	Android App (Other phone or tablet)	Web-based/no app (Laptop or Computer)
Lexham English Bible	✓	✓	✓
English Standard Version	✗	✗	✓
New International Version	✗	✗	✓
New King James Version	✗	✗	✓

Note: If you would like the app integration, the Lexham Bible is the only option. All other versions are available in the web-based study bible.

How to Access the Plan (For App Users) :

1. To download the app (Skip these steps for web-based users) search in the App Store (iOS) or Play Store (Android) "Faithlife Study Bible". An app with this icon should appear:

2. Now that you have downloaded the app, login using the Faithlife account you created in the beginning of these instructions.
3. On the bottom-right corner, click on the icon with three bars.

4. Under Library, select group readings. The version you selected earlier should appear.

How to Access the Plan (For Web-Based Users):

1. You can click on the passage for today's reading on the group page on Faithlife.com.
2. Remember that you will need to select the version you desire to read the plan manually.

How to Read the Plan:

Once you have navigated to the day's readings (instructions found above), read the first passage until you see "Keep Reading _____". Click on the reference to continue to the next passage. Continue to click the "Keep Reading" references. At the end of the last reading for the day, instead of saying "Keep Reading", it will say "Mark as Done". Selecting this will check-off the day's reading so that tomorrow you will see the correct reading.
